GATE Seminar & Mock Test

Before the actual GATE test on 16th March 2019, Scholastic Excellence is organising a preparation seminar and mock test workshop in February and March. The seminars focus on the two most challenging aspects of the GATE tests- Abstract Reasoning decoding and answering Reading Comprehension questions related to poetry. The highlight is a mock test with full length papers comprising of the four GATE/ASET components tested under actual time conditions on the 2nd March.

The workshop continues on 4th March (Monday – Labour Day Public Holiday) with clear explanation of answers to each question and a sample writing response for writing as well as exam and time management tips.

The mock test consists of Reading Comprehension (30 minutes for 35 multiple choice questions), Writing (25 minutes), Quantitative Reasoning (30 minutes for 35 multiple choice questions) and Abstract/Non-verbal Reasoning (20 minutes for 35 multiple choice questions).

There will be a15 minutes break after the Writing test and before the Quantitative Reasoning test.

RESULTS :

- Report of results will be made to parents via SMS by **13th March 2019**
- Please let us know via sms or email if your child is successful in the GATE/ASET or any specialist high school programmes, we would like to congratulate him/her with a book voucher

Terms and Conditions

Enrolment of your child into the workshop indicates your agreement to the following Terms & Conditions:

(1) Students attend the workshop at their own risk.

(2) Students are only allowed to bring in their writing equipment and water bottle. No calculators, bags or phones will be allowed at the desk; they will have to be left at the front of the classroom and collected after the test.

(3) While the format of the mock tests is similar to the GATE/ASET test, they are privately designed and types of questions may differ from the actual tests.

(4) Due to copyright reasons, students have to submit all test papers and answer sheets. None of these will be returned.

(5) No marked test papers will be sighted by parents. Results of your child will be communicated to you in terms of bands for each paper and an overall band.

- *There are 5 bands – Band 5 is the top 20% of students in terms of ranking,,*
  Band 4 is the top 40% of students, Band 3 is the next 20% and so on.
- *The higher the band, the better the performance of your child.*
- *Ranking in the top band indicates a higher chance of your child to be successful in the GATE/ASET but this is not guaranteed.*
- *Similarly, a lower ranking does not definitely indicate failure of your child to be successful in the GATE/ASET test.*

SCHOLASTIC EXCELLENCE
