

GATE Seminar, Workshops & Mock Test

Before the actual GATE test on 12th March 2022, Scholastic Excellence is organising a preparation seminar, mock test and workshops in February and March. The seminars focus on some of the most challenging aspects of the GATE tests – giving students tips on how to ace the tests in good time. The highlight is a mock test with full length papers comprising of the four GATE/ASET components tested under actual time conditions on 19th Feb.

The workshops on 7th March (Monday – Labour Day Public Holiday) will explain answers to each question in the Mock Test and a sample writing response for writing as well as exam and time management tips.

The mock test consists of Reading Comprehension (35 minutes for 35 multiple choice questions), Writing (25 minutes), Quantitative Reasoning (35 minutes for 35 multiple choice questions) and Abstract/Non-verbal Reasoning (20 minutes for 35 multiple choice questions).

There will be a 15 minutes break after the Writing test and before the Quantitative Reasoning test.
